TP400 DOUBLE ROLLER

One window.
More ways to live.

Daytime screening, natural light, privacy and blockout - combined in one practical system.

Everyday performance, without the heavy specification

Features vary by selected fabric. Your quote identifies the exact Tenant Proof option.

95% UV protection

TP300 Screens helps reduce UV entering through the window.

Blackout option

TP100 provides full blockout for bedrooms and private spaces.

Light + privacy

TP200 Light Filter keeps rooms bright while providing day-and-night privacy.

Easy-care fabrics

Remove dust with a soft cloth; selected fabrics can be wiped clean.

Dust + mould resistant

Block Out & Screen is designed to resist dust and mould for simpler upkeep.

Child-safe installation

Corded blinds are fitted with required child-safety devices.

10-YEAR WARRANTY
